Flat Rock Students Excel at Ferris State University Statewide 2003 Welding Technology Competition

Friday, May 9, 2003 Big State University 2003 Welding Technology Competition was held.

Flat Rock welders competed against 13 different schools from across the state. The competition was open to all high school welding students. Flat Rock sent the Welding I stu-

dents and took several places.

Shawn Thorsrud (Grosse Ile) took a 3rd place in the overall category. He was just several points behind the 2002 State VICA winner, a third year

welding student. Justin Ferguson (Flat Rock) placed 3rd in the gas welding division.

The DCTC can be very proud of all the students who competed and did very well.

2003 Summer Reading Program

The summer reading program at Romulus Public Library will focus on what a fun time we can all have at the library. Reading during the summer months is fun and very helpful for children to maintain and improve their reading skills. Happy Faces and colorful animal characters will decorate the library and lift everyone's spirits while they are at the library.

Weekly programs will feature a wide variety of entertainment and learning. There will be a prize drawing after each program. Keeping track of your reading time will really be simple this year. You can earn prizes with the amount of time you spend reading.

The prizes and programs are generously sponsored by the Romulus Friends of the Library, the Romulus Chamber of Commerce, and both the Romulus and Huron

Township Rotary Clubs. Programs are free to all who join the summer reading program. Registration starts at the library on June 9, 2003. Hope to see you there!

Library hours for summer are Monday-Thursday from 10:00 a.m. - 8:00 p.m. and Friday from Noon - 5:00 p.m. Closed Saturday and Sunday.

Pitch a Penny, Save A Wolf—Summit Teacher Has a Plan

According to the Summit Academy-Flat Rock Newsletter, Mrs. Daniels has come up with a very exciting way for students, and anyone else who would like to contribute, to help endangered species in Michigan. Students in her class are learning about preserving animals who are on the

endangered species list; and different ways to help support them.

The K-1's in the Yellow Room at the school are collecting pennies that will be contributed to the Michigan Nongame Wildlife Fund. This foundation helps to support all endangered species in Michigan, not just wolves.

The K-1's are also sponsoring a wolf named Lucas.

Anyone who would like to contribute to this cause is welcome to send their pennies to the Yellow Room at the school.

Airport Community Schools Announce Technology Update

The Airport Community School district announced the latest technology updates include web calendar, telephones in each classroom, along with new computers.

Check out the new web calendar linked to the Airport home page www.airport.k12.mi.us. Most of the school buildings and departments have posted their activities on this site.

Special features allow you to personalize calendars to your preference and save them for later use. You can sort and print calendars in many different ways. You can even download them into your PDA.

Another welcome addition is the implementation of a new telephone in each classroom. This helps the teacher to keep in close contact with the parents and allows parents to leave voice mail for the teacher. In order to avoid interruptions in teaching, all incoming calls must still come to the building office. Teachers may make outside calls only to selected areas, and staff may reach each other via a four digit number.

At Sterling Elementary, sixteen classrooms had wall-mounted TVs and VCRs installed for instructional purposes.

These units are linked to classroom computers as well. Staff was trained in late January on its operation. In addition, a satellite cable television system was installed at Sterling and the high school media centers for educational programming.

New computers are currently going into the HOTS Lab at Wagar Middle School

and one of the high school computer labs. Others will be ordered as older equipment is being replaced with newer models, and a shuffling of some of the better pieces will result in PC Upgrades to the elementary HOTS Labs. Questions regarding technology may be addressed to Lynn Leininger or Diana Kassuba at 734-654-3000.

Your Cosmic Look For The Week Of May 29th - June 4th

For entertainment only!

Gemini May 22 - June 21

Marriage is not all it is cracked up to be but you are stuck. Graduation parties interfere with your finances but you owe it to some. Your birthday approaches quickly but are you ready to flip another page. 9912

Cancer June 22 - July 23

You find grandparents in unflattering position. Some secrets best kept to yourself. Time taken now to cheer up the sad will be returned to you at later date. Celebrate friendships with old enemy? 3450

Leo July 24 - Aug 23

Peeling potatoes is the theme of the week. Check calendar as your services may be only beginning. Freshen face and find time to seek new love. Lasting memories are only those you like to remember. 0989

Virgo Aug 24 - Sept 23

Don't look for all to be so forgiving roads you travel may be full of unseen dangers. What you thought was true is true so why did you bother to think in first place. Caution around color black. 8288

Libra Sept 24 - Oct 23

You feel accomplished. You feel complete. Don't count money from celebration too soon. Others may not see your point of view but remember to look over their heads. Balance job and family. 3657

Scorpio Oct 24 - Nov 22

Parents tease you in unexpected manner. Smile and go along with the joke. Old love re-enters life but you are not able to see thru your own gloomy past. Keep children at home for safety. 2143

Sagittarius Nov 23 - Dec 21

Plan events with caution in mind. You over-spent on family outing and now find yourself in trouble. Don't ask family for help. Keep peace by petting your favorite animal. Major decision? 3309

Capricorn Dec 22 - Jan 20

Who's favorite animal are you? Find unseen truth under your hat, but watch for receding hairline. You inability to help with needed tasks will slap you in face at later date. Laugh when you can. 2248

Aquarius Jan 21 - Feb 19

Are children holding a secret from you or has spouse spilled the beans already. We all know the truth to that. Take new group on outings this year but not forget who started it all. 1998

Pisces Feb 20 - Mar 20

Organize all your thoughts before old ways come back to slap you in the face. Borders seem to close in on you when you travel to foreign land. Remember all cautions to keep out of harm's way. 8837

Horoscopes

William Grover

Aries Mar 21 - April 20

No one finds you as interesting as you find yourself. But you already knew that. Re-evaluate your past to find better ways to live your future. Children laugh and make you mad? Get real. 0112

Taurus April 21 - May 21

Many rally around your cause and children have most fun all week with you. Enjoy last days that children are in school. You find it hard to understand how some can be happy that school is out. 2222

The finale for May is a sweet treat that will make your taste buds dance with joy.

My motto is "Enjoy Life, Eat Dessert," even if you only eat a small portion.

Macadamia Crunch Cake

1 - 9 oz. white cake mix
1 - 8 oz. can crushed pineapple
1/4 c. marachino cherry bits
1 egg white

Topping

1/4 cup firmly packed brown sugar
1/4 cup sweetened flaked coconut
1/4 cup chopped macadamia nuts

Preheat oven to 350 degrees. spray oil in the bottom of an 8x8 baking pan. In a medium bowl, combine cake mix, pineapple w/juice, cherries and egg white; mix by hand until blended. Pour into baking pan. In a small bowl, combine brown sugar, coconut and nuts; mix til blended. cover cake batter evenly with the topping. Bake 20-25 minutes. Cool 10 minutes run knife along the edges to loosen from the pan. Invert onto a plate and then invert on to serving plate, topping side up or serve from the pan. Let cake cool completely before serving.

Rich Luterman Visits Summit Academy-Flat K-1 Classes

On Wednesday, Summit Academy-Flat Rock had a visit from Channel 2 weatherman Rich Luterman. Mr. Luterman talked to the Peach, Pink, and Yellow room about different types of weather, how to be safe and how he knows what the weather will be.

The children loved how enthusiastic he was about his job. The children could really relate to what he was saying about tornadoes because

there just happened to be a tornado drill that morning.

Mr. Luterman was impressed by how much the children already knew about weather. He was great at answering the one million questions ranging from dogs to downed power lines to weather safety. Mr. Luterman was an awesome addition to our building on May 14, 2003. We look forward to watching on Channel 2 News.

Looking for a Pre-School, but can't afford it?

Give us a call at the **Flat Rock Head Start**. We provide two program options, nutritious meals, age-appropriate curriculum, field trips, family activities, and much more.
